The bridge to your freedom

Spuerkeess has developed tailored offers to support its customers at every stage of their lives. The Axxess programme, designed for customers between 12 and 30, consists of 3 separate offers that meet the specific needs of teenagers, college students and young workers.

While the offers all have different banking components, they share the Axxess debit card, which provides access to a number of exclusive non-banking benefits: discounts from Axxess partners, contests and exclusive activities.

Another common element is that the banking products stay **free of charge** up to 24 months after having started working.

Start

... covers all of a teenager's banking needs

If you are between 12 and 18, Spuerkeess offers you the Axxess Start package which includes your first current account and a savings account with preferential rates, which you can manage via S-Net.

Your first bank card, the Axxess debit card, lets you withdraw money, use mobile payment solutions such as Apple Pay (from the age of 16) and make online as well as in-store payments. With your parents' consent you can apply for a Visa Classic credit card when you turn 15.

In short, Axxess Start lets you manage your money and expenses independently.

Study

... covers all of a college student's banking needs

Spuerkeess offers you Axxess Study if you are a student and are 18 to 30 years old. In addition to offering all the basic banking products, this package addresses the specific needs of students.

Financing facilities, such as the state-guaranteed student loan, the Axxess Study 0% interest rate arranged overdraft (EUR 2.500) and the Unif loan, let you focus on what's important: successfully completing your studies.

Your Axxess debit card and your Visa credit card help you easily manage your daily expenses, make online payments and use mobile payment solutions such as Apple Pay. You will also appreciate our award-winning online banking S-Net, where you can manage your finances "anywhere, anytime".

And to help you leave the family nest or continue your studies abroad, Axxess Study includes a rent payment guarantee at a preferential rate.

In short, Axxess Study lets you pursue your studies with complete peace of mind.

Job

... covers all of a young worker's banking needs

Spuerkeess offers you Axxess Job if you are entering the workforce and are 18 to 30 years old. You get the same non-banking benefits associated with the Axxess debit card while enjoying 24 months of the very comprehensive Zebra Premium package free of charge.

In this way, Axxess Job meets the increased need for banking services that comes with having a job. Zebra Premium naturally includes all the products needed to manage your daily finances such as a current account, bank cards and S-Net; Zebra Premium also gives you access to additional financing facilities under favourable terms.

To make it easier for you to afford your first home, you will receive a discount on the handling fee for your real estate loan. To buy a car or furniture, or to finance any other need, you will benefit from favourable conditions on personal loans. And for any other unexpected expense, you can access an arranged overdraft under favourable terms.

In short, Axxess Job gets your working life off to an easy start.
