The Autocall Athena - AMAZON.COM INC is a structured product with a risk of capital loss. The product's payoff is conditional on the performance of the Underlying (the shares of Amazon.com, Inc.). Amazon.com, Inc. is an online retailer, that offers a wide range of products. The company products include books, music, computers, electronics, and numerous other products. Amazon.com, Inc. offers personalized shopping services, Web-based credit card payment, and direct shipping to customers. Amazon.com, Inc. also operates a cloud platform offering services globally. If on any Automatic Early Redemption Valuation Date the Underlying closes at or above its Strike Price, the note will be redeemed early with a coupon of 13,00% per annum. If no early redemption has occurred and the Underlying closes on the Redemption Valuation Date at or above the Strike Price, the investor will receive on the Maturity Date 139,00% of its capital invested. If the closing price of the underlying on the Redemption Valuation Date is below the Strike Price and no Knock-In Event has occurred, the investor will receive on the Maturity Date 100% of its capital invested. If the closing price of the underlying on the Redemption Valuation Date is below the Strike Price and a Knock-in Event has occurred (the Underlying has closed at the Redemption Valuation Date below 50% of the Strike price), the Issuer will deliver to the Investor the number of shares of the Underlying (as determined below) plus a payment in cash in respect of any fraction of a share on the Maturity Date. In this case you will suffer a partial or total loss of the Notional amount. Determination of number of shares of the Underlying:

The number of shares of an Underlying is the Notional Amount per note divided by its Initial Reference Price converted, if necessary, into the Product Currency using the applicable exchange rate on the Redemption Valuation Date.

The product terms provide that if certain events occur, adjustments may be made to the product. These events are specified in the final terms and principally relate to the Underlying, the product and the Issuer of the product. The return (if any) you receive on such early termination is likely to be different from the scenarios described below and may be less than the amount you invested. All redemptions described in this document (including potential gains) are calculated on the basis of the Notional Amount, excluding costs, social contributions and taxation applicable to this type of investment.

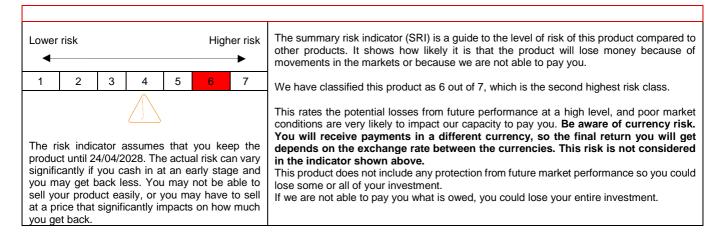

Term:

The product is intended to be offered to retail investors who

- have a medium-term investment horizon (greater than or equal to three years).
- are able to bear losses up to the total of the Notional Amount.
- have been informed or have sufficient knowledge of the financial markets, their functioning and their risks, and the asset class of the underlying.

The figures shown include all costs of the product itself, but may not include all the costs, that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. Your maximum loss would be that you will lose all your investment.

WHAT HAPPENS IF BANQUE ET CAISSE D'EPARGNE DE L'ETAT, LUXEMBOURG IS UNABLE TO PAY OUT?

In the event of bankruptcy or restructuring (e.g. bail-in) of the issuer, pursuant to Directive 2014/59/EU, you run the risk that the capital initially invested will only be reimbursed partially, or even not at all, at maturity. In this case, you also run the risk that the capital gain will not be paid. This product cannot be considered as a deposit and is therefore not protected under the Luxembourg deposit protection system.

WHAT ARE THE COSTS?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

COSTS OVER TIME

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest and how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- You would get back the amount you invested (0% annual return)
- EUR 10.000 is invested

HOW LONG SHOULD I HOLD IT AND CAN I TAKE MONEY OUT EARLY?

Recommended holding period: until final maturity.

Under normal market conditions, Banque et Caisse d'Epargne de l'Etat, Luxembourg (Spuerkeess) ensures a daily secondary market throughout the life of the product by providing purchase and sale prices expressed as a percentage of the nominal value and the difference between the buy and sell prices (the spread) will not be greater than 1% of this nominal value. If you wish to sell this product before the maturity date, the price of the product will depend on the evolution of market parameters at the time of release. In this case, this could put the invested amount at risk.

HOW CAN I COMPLAIN?

Complaints about the product, the conduct of Banque et Caisse d'Epargne de l'Etat, Luxembourg or the financial institution selling the product to you or advising you should be addressed to Banque et Caisse d'Epargne de l'Etat, Luxembourg, Service Compliance, 1, Place de Metz, L-1930 Luxembourg or at reclamations@spuerkeess.lu.
